**SUBJECT: *Right to Information and Protection of Privacy Act*  
Information – Covid Deaths 2023**

Your request under the *Right to Information and Protection of Privacy Act* for access to information was received by Service New Brunswick on January 8<sup>th</sup>, 2025, for the following information:

**I would like to be provided with the up-to date weekly number of deaths due to Covid-19 (deaths determined by the attending physician to be Covid-19 related, ie. identified that Covid-19 was a primary or antecedent contributing factor) for all weeks of the 2023 calendar year. If any week in the 2023 calendar year is believed to be incomplete, please note this fact. For added clarity, the current Department of Health definition of “a confirmed case who was admitted to hospital and whose death occurred during their stay” should not be used. Rather, all deaths with Covid-19 being a primary or contributing factor, regardless of hospitalization status, should be used.**

**Timeframe: January 1, 2023 to December 31, 2023 (inclusive)**

Attached is the information pertaining to your request. Please note that Service New Brunswick does not have the data in a weekly format. Attached you will find the data arranged in a month-to-month format.

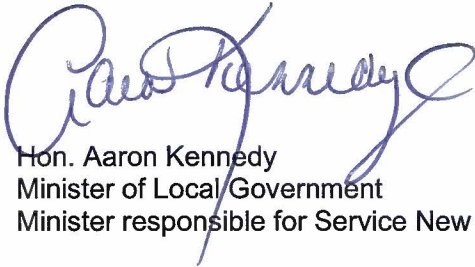

If you are not satisfied with this decision, you may file a complaint with the Office of the Ombud or refer the matter to a judge of the Court of King’s Bench within **40 business days** of receiving this response. For your convenience, please find enclosed copies of the relevant forms.
